INTRODUCTION

Calypso Essential Oils is a venture by professionally qualified personnels and manned by a team of highly experienced technical staff.

We are engaged in the trading, production, distillation, extraction, exporting and importing, and testing of Chemicals , Cosmetics , Food & Food products , Essential Oils. Calypso Essential Oils is recognised and accepted by various perfumery, food and beverages, beauty and natural essential oils associations

Calypso was founded with key strategy and idea to limit Environmental Pollution created by chemicals and aerosols and to promote the usage of natural oils and natural based products. Our commitment is to deliver a smooth, transparent and managed supply chain from primary production to end-use, assuring quality and traceability. We feel proud in saying that Calypso Essential Oils draws on more than 50 producers and suppliers in 10 different countries covering over 1,000,000 hectares of certified land which is specialised in the provision of Pure Essential Oils, Essential Oil Absolutes, Plant-based Raw Materials & Ingredients to international manufacturers and traders of food, beverages, medicines and cosmetics.
